Navarro Advances to Jr. French Open Finals

Emma Navarro who has trained at LTP all of her life is on an incredible run in Paris at the Jr. French Open. Emma will face off with Canadian Leylah Fernandez in the Girl's Singles Final. Emma will team up with fellow LTP player Chloe Beck to play in the Doubles Semi Final round also. To date, Emma and Chloe have reached at least the Semi Finals or better in the last three Junior Grand Slams they have played. Impressive! Good luck girls.

3 2 1 Summer Smash

Randy Pate Tennis Academy is offering members an added incentive to hit the courts this summer. Beginning June 1 through September 1, select any 15 hours of clinic time for the pre-paid price of only \$321. That's a \$54 savings. Some restrictions apply:

15 hours must be completed during the indicated time period for any of the seven adult clinics offered with no substitutions, refunds, make-ups or partial clinic times. Check out clinic descriptions and days/times on our website under the Instruction>Adult Programs tab.

Website Court Reservations

For court reservations and to view information about our club, please access our website using www.ltp-danielisland.com.

Pickleball Tips for Intermediate Players

Here are some basic tips to consider for intermediate players provided by our Pickleball Instructor Scott Manna.

Be patient. A lot of mistakes are made when acting quickly without thinking about it. For example, if you attempt to smash the ball that's too low, you'll hit it into the net. Instead it may be better to wait for it to bounce.

Dink in a triangle. Imagine a player is standing in a triangle and aim a dink to the left side, then the right side, then the center.

Stay aligned with your partner. Don't leave your partner behind! Make sure you that you stick together when moving toward the kitchen. If you're further up the court than your partner, then your opponent can hit to the gap that's created.

Center shots. Decide on one person to take the shots in the middle or assign the forehand player to be the one.

Let your partner get lobs behind you. Assuming that you're both equally as agile, the better choice is to let your partner get lobs behind you.

Remember your etiquette. Etiquette principles include not lobbing behind immobile players and not getting angry on the court.
