John McGillicuddy 3.0  
David Cran 3.5  
Elisabeth Parkinson 3.5

### Inclement Weather Policy

LTP at the Daniel Island Tennis Center has a very explicit policy when it comes to severe weather approaching the tennis facility.

- When lightning strikes within 5 miles of the facility ALL tennis play will be suspended. Play will remain suspended until the facility staff determines it is safe to commence play.
- The facility uses an APP (Weather Bug) that displays lightning strikes indicating a measured distance radius specific to our facility's location. This is the one and only APP that will be used to make our decisions.
- Presently the staff goes court to court to make sure that all play has stopped. As of today, we have adopted the golf course policy of using an air horn to clear the courts. The air horn will be blown two times, once on each side of the facility. Please leave the court immediately once the horn is sounded and move to a safe indoor location. Our concern is always for your safety first. Thank you in advance for your cooperation.

### USTA Fall League New Team Registration

Fall registration for new league teams is open and continues through September 13. Please leave your name and level of play at the front desk for assistance in connecting you with a team for Fall match play.

### Pate Academy Junior Programs

Tennis programs for the academic year begin on August 26. Go online to view program options at [www.ltp-danielisland.com](http://www.ltp-danielisland.com) and select the Instruction > 12 and under or High Performance tab. Registration forms are available in the Pro Shop.

### Charleston Pickleball Open on October 18 - 20

Here is your opportunity to test out your skill set in our upcoming Pickleball tournament. Register online at <https://www.pickleballtournaments.com/tournamentinfo.pl?tid=3355>. Should you have an interest in volunteering to assist with the tournament, please leave your name with the Pro Shop front desk. For any questions, Rob is available the next time you visit the club or via email at [robert.eppelsheimer@charlestontennisllc.com](mailto:robert.eppelsheimer@charlestontennisllc.com). Thank you for supporting our home club event.

### Sustainability Initiative

Here at LTP at the Daniel Island Tennis Center, we are pursuing a renewed interest in our environment through an educational emphasis first on sustainability. Sustainability is most often defined as meeting present needs without compromising the ability of future generations to meet their needs creating a balance so no one element destroys another. We enlist your participation by utilizing the blue recycle bins located in the Pro Shop and outside both entry doors to the Clubhouse for disposing of all plastic bottles, cans, and cardboard used while onsite. Please empty any unused contents before placing in the bins. We have contracted with a local company to insure delivery of recyclable items to a recycling center. We will continue our initiative in support of the **Ronald McDonald House Charities** by requesting that all tennis ball pull tab lids as well as any aluminum pop tabs from soda cans or canned goods be dropped off inside at the Pro Shop front desk so that the RMHC can benefit from checks they receive from recycling centers based on the current price paid for aluminum. Be a part of the solution of waste mismanagement by recycling more frequently so less is dumped into the landfill. Let's work together to reduce our carbon footprint.
